DESIGN EXPERIENCE

Gray Media- First Alert 6 (WOWT), Omaha NE

Marketing Producer, Oct 2021–Jun 2025

- Manage the After Effects onboarding of GrayONE, a new on-air graphics package, customizing and refining motion graphic elements for newscasts and promotional content.
- Design and animate logos for the station's new brand and its sub-brands.
- Adapt branding for digital platforms including News and Weather apps, streaming services (Roku, Hulu, Fire TV), the station's website, and social media channels.
- Develop physical branding materials including signage, LED displays, vehicle wraps, and business stationery.
- Collaborate with news producers and reporters to write scripts that promote daily news stories and special reports.
- Write scripts, shoot video, and edit video and graphics for a variety of marketing media, including station promotions, client commercials, and web ads.

SDState College of Arts, Humanities & Social Sciences, Brookings SD

Graphic Design Intern, Oct 2020-May 2021

- Establish a new visual brand for the College's social media and print material.
- Organize and refresh items on the College's website to improve accessibility, interactivity, and to appeal to potential students and their parents.
- Create graphics and campaigns for social media to advertise the college and enhance community presence.

Daktronics Inc., Brookings SD

Motion Graphics Artist, May 2019-Aug 2020

- Edit motion graphics packages for the LED displays of College sports arenas using Adobe After Effects and Cinema 4D, maintaining strict brand consistency.
- Create new graphics for dated video templates with Adobe After Effects and Illustrator to better appeal to potential clients and increase interactivity at their sporting events.
